

Fredericksburg Area Museum

CULTURE. ART. HISTORY. NOW.

Ending FY17

Over the past 12 months the Fredericksburg Area Museum has experienced incredible change. From moving our collection to historic Town Hall to opening our doors to over 1,000 visitors since April 22, the FAM is a place for families and friends to learn and celebrate the history and culture of the Fredericksburg region.

As we reflect on the past year, we ask you to please consider making a donation to the FAM's year-end appeal. We are so proud of our community and look forward to pursuing our mission for future generations.
